Outline of Event:

The Science Faculty, Dr. Ambedkar College of Arts, Commerce and Science, Chandrapur organized the educational tour to **CSIR- National Environmental Engineering Research Institute, Nagpur** on **26/09/2022**. Ninety eight students of B.Sc. and M. Sc.(Chemistry, Botany, Zoology, Physics, Electronics, Computer Science and Mathematics) and 8 faculty members, **Dr. N. C. Das, Prof. N. G. Rangari, Dr. I. R. Mithani, Dr. S. W. Patil, Ku. V. N. Dhote, Ku. P. B. Bhalerao, Ku. Pratiksha Behare and Ku. Priti Durge** attended the tour. The main purpose of the tour was to identify the progress made in the field of science and to develop necessary scientific approach among students and also awareness about environment and remedies about environmental pollution.

During the visit students attended the guest lecture on **Nuclear Power Generation and Radiation effect**. The show was very informative and students enjoyed and learnt a lot about the actual status of nuclear power system. They also observed and followed by the various scientific models, Science exhibitions organized by NEERI, Nagpur. At last students were thoroughly motivated and their creativity had a booster by observing science exhibition expo accompanying various models prepared by the science students of different colleges of R. T. M. Nagpur University, Nagpur. Dr. Lal Singh, Senior Scientist has given information about different types of soils, constituents of soil and its impact.

After having lunch they visited to research laboratory of Dr. Lal Singh and he has explained how to measure the different parameters of soils such as, pH, nitrogen, potassium etc. Followed by the visit to the different laboratories, water analysis and determination of different parameters of water, laboratory of determination of fluorine.

Outcome of study tour:

A study tour helped students to appreciate their field of study more and it really helped them to better realize the interaction between their chosen fields of study to the rest of the world. Guest lecture on Power Generation and Radiation effect was very effective to understand advantages of nuclear power in human life and also to overcome the misunderstanding about it. The visit of soil and water analysis research laboratory realized students about environmental related issues.
